## Overview

|              |                                        |
|--------------|----------------------------------------|
| Quantity:    | 100 µL                                 |
| Target:      | C22orf9                                |
| Reactivity:  | Mouse, Rat, Human                      |
| Host:        | Rabbit                                 |
| Clonality:   | Polyclonal                             |
| Conjugate:   | This C22orf9 antibody is un-conjugated |
| Application: | ELISA                                  |

## Product Details

|              |                                                          |
|--------------|----------------------------------------------------------|
| Immunogen:   | A synthesized peptide derived from human KIAA0930.       |
| Isotype:     | IgG                                                      |
| Specificity: | KIAA0930 Antibody detects endogenous levels of KIAA0930. |

## Target Details

|                   |                                               |
|-------------------|-----------------------------------------------|
| Target:           | C22orf9                                       |
| Alternative Name: | KIAA0930 ( <a href="#">C22orf9 Products</a> ) |
| Gene ID:          | 23313                                         |
| UniProt:          | <a href="#">Q6ICG6</a>                        |

## Application Details

|                    |                                |
|--------------------|--------------------------------|
| Application Notes: | ELISA(peptide) 1:20000-1:40000 |
| Restrictions:      | For Research Use only          |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | Rabbit IgG in phosphate buffered saline, pH 7.4, 150 mM NaCl, 0.02 % sodium azide and 50 % glycerol.                   |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at -20 °C. Stable for 12 months from date of receipt.                                                            |
| Expiry Date:       | 12 months                                                                                                              |
