

## Datasheet for ABIN7111391 **anti-ART3 antibody**

[Go to Product page](#)

### Overview

|              |                                     |
|--------------|-------------------------------------|
| Quantity:    | 100 µg                              |
| Target:      | ART3                                |
| Reactivity:  | Human, Mouse                        |
| Host:        | Rabbit                              |
| Clonality:   | Polyclonal                          |
| Conjugate:   | This ART3 antibody is un-conjugated |
| Application: | Western Blotting (WB), ELISA        |

### Product Details

|               |                                 |
|---------------|---------------------------------|
| Immunogen:    | ADP-ribosyltransferase 3        |
| Isotype:      | IgG                             |
| Purification: | Immunogen affinity purified     |
| Purity:       | ≥95 % as determined by SDS-PAGE |

### Target Details

|                   |                                                                                                                           |
|-------------------|---------------------------------------------------------------------------------------------------------------------------|
| Target:           | ART3                                                                                                                      |
| Alternative Name: | ART3 ( <a href="#">ART3 Products</a> )                                                                                    |
| Background:       | Synonyms:ADP ribosyltransferase 3, ART3, Ecto ADP ribosyltransferase 3, Mono(ADP ribosyl)transferase 3, TMART Background: |
| Molecular Weight: | 44 kDa                                                                                                                    |

## Target Details

|          |                        |
|----------|------------------------|
| Gene ID: | 419                    |
| UniProt: | <a href="#">Q13508</a> |

## Application Details

|                    |                       |
|--------------------|-----------------------|
| Application Notes: | WB: 1:500-1:1000      |
| Restrictions:      | For Research Use only |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | PBS with 0.02 % sodium azide and 50 % glycerol pH 7.3,                                                                 |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | -20°C for 12 months (Avoid repeated freeze / thaw cycles.)                                                             |
| Expiry Date:       | 12 months                                                                                                              |
