

## Datasheet for ABIN7132288 **anti-C20orf43 antibody**

[Go to Product page](#)

### Overview

|              |                                         |
|--------------|-----------------------------------------|
| Quantity:    | 100 µL                                  |
| Target:      | C20orf43                                |
| Reactivity:  | Human                                   |
| Host:        | Rabbit                                  |
| Clonality:   | Polyclonal                              |
| Conjugate:   | This C20orf43 antibody is un-conjugated |
| Application: | Western Blotting (WB), ELISA            |

### Product Details

|                   |                           |
|-------------------|---------------------------|
| Immunogen:        | Human C20orf43            |
| Isotype:          | IgG                       |
| Cross-Reactivity: | Human, Mouse, Rat         |
| Purification:     | Antigen Affinity purified |

### Target Details

|                   |                                                                                                                                                                                                                                                         |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | C20orf43                                                                                                                                                                                                                                                |
| Alternative Name: | RTFDC1 ( <a href="#">C20orf43 Products</a> )                                                                                                                                                                                                            |
| Background:       | RTF2 antibody, C20orf43 antibody, RTFDC1 antibody, AD-007 antibody, CDA05 antibody, HSPC164 antibody, HSPC169 antibody, Replication termination factor 2 antibody, RTF2 antibody, Replication termination factor 2 domain-containing protein 1 antibody |

## Target Details

---

UniProt: [Q9BY42](#)

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

---

Format: Liquid

Buffer: PBS with 0.1 % Sodium Azide, 50 % Glycerol, pH 7.3. -20 °C, Avoid freeze / thaw cycles.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
