

## Datasheet for ABIN7134559 **anti-LDHB antibody**

[Go to Product page](#)

### Overview

|              |                                                                                   |
|--------------|-----------------------------------------------------------------------------------|
| Quantity:    | 100 µL                                                                            |
| Target:      | LDHB                                                                              |
| Reactivity:  | Human                                                                             |
| Host:        | Rabbit                                                                            |
| Clonality:   | Polyclonal                                                                        |
| Conjugate:   | This LDHB antibody is un-conjugated                                               |
| Application: | Western Blotting (WB), Immunohistochemistry (IHC), ELISA, Immunofluorescence (IF) |

### Product Details

|                   |                           |
|-------------------|---------------------------|
| Immunogen:        | Human LDHB                |
| Isotype:          | IgG                       |
| Cross-Reactivity: | Human, Mouse, Rat         |
| Purification:     | Antigen Affinity purified |

### Target Details

|                   |                                                                                                                                                                                                                                                                                                                                                                       |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | LDHB                                                                                                                                                                                                                                                                                                                                                                  |
| Alternative Name: | LDHB ( <a href="#">LDHB Products</a> )                                                                                                                                                                                                                                                                                                                                |
| Background:       | Epididymis secretory protein Li 281 antibody, HEL S 281 antibody, L lactate dehydrogenase B chain antibody, L-lactate dehydrogenase B chain antibody, Lactate Dehydrogenase B antibody, Lactate dehydrogenase H chain antibody, LDH B antibody, LDH H antibody, LDH heart subunit antibody, LDH-B antibody, LDH-H antibody, LDHB antibody, LDHB_HUMAN antibody, LDHBD |

## Target Details

|           |                                                                                                                                                |
|-----------|------------------------------------------------------------------------------------------------------------------------------------------------|
|           | antibody, LDHH antibody, Renal carcinoma antigen NY REN 46 antibody, Renal carcinoma antigen NY-REN-46 antibody, TRG-5 antibody, TRG5 antibody |
| UniProt:  | <a href="#">P07195</a>                                                                                                                         |
| Pathways: | <a href="#">Warburg Effect</a>                                                                                                                 |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | PBS with 0.02 % Sodium Azide, 50 % Glycerol, pH 7.3. -20 °C, Avoid freeze / thaw cycles.                               |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                          |
| Storage Comment:   | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                          |
