

Datasheet for ABIN7142082

**anti-PHPT1 antibody (AA 1-125) (HRP)**[Go to Product page](#)

## Overview

|                      |                                          |
|----------------------|------------------------------------------|
| Quantity:            | 100 µg                                   |
| Target:              | PHPT1                                    |
| Binding Specificity: | AA 1-125                                 |
| Reactivity:          | Human                                    |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This PHPT1 antibody is conjugated to HRP |
| Application:         | ELISA                                    |

## Product Details

|                   |                                                                         |
|-------------------|-------------------------------------------------------------------------|
| Immunogen:        | Recombinant Human 14 kDa phosphohistidine phosphatase protein (1-125AA) |
| Isotype:          | IgG                                                                     |
| Cross-Reactivity: | Human                                                                   |
| Purification:     | >95%, Protein G purified                                                |

## Target Details

|                   |                                                                                                                                                                        |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | PHPT1                                                                                                                                                                  |
| Alternative Name: | PHPT1 ( <a href="#">PHPT1 Products</a> )                                                                                                                               |
| Background:       | 14 kDa phosphohistidine phosphatase antibody, CGI 202 antibody, HSPC141 antibody, Phosphohistidine phosphatase 1 antibody, PHP14 antibody, PHP14_HUMAN antibody, PHPT1 |

## Target Details

|           |                                                                                                                      |
|-----------|----------------------------------------------------------------------------------------------------------------------|
|           | antibody, Protein janus A homolog antibody, Protein janus-A homolog antibody, Sex regulated protein janus a antibody |
| UniProt:  | <a href="#">Q9NRX4</a>                                                                                               |
| Pathways: | <a href="#">Positive Regulation of Peptide Hormone Secretion</a>                                                     |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                            |
| Buffer:            | Preservative: 0.03 % Proclin 300<br>Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4                                |
| Preservative:      | ProClin                                                                                                           |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                     |
| Storage Comment:   | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                     |
