## Overview

|                      |                                           |
|----------------------|-------------------------------------------|
| Quantity:            | 100 µg                                    |
| Target:              | ANKRD7                                    |
| Binding Specificity: | AA 54-254                                 |
| Reactivity:          | Human                                     |
| Host:                | Rabbit                                    |
| Clonality:           | Polyclonal                                |
| Conjugate:           | This ANKRD7 antibody is conjugated to HRP |
| Application:         | ELISA                                     |

## Product Details

|                   |                                                                                 |
|-------------------|---------------------------------------------------------------------------------|
| Immunogen:        | Recombinant Human Ankyrin repeat domain-containing protein 7 protein (54-254AA) |
| Isotype:          | IgG                                                                             |
| Cross-Reactivity: | Human                                                                           |
| Purification:     | >95%, Protein G purified                                                        |

## Target Details

|                   |                                                                                                                        |
|-------------------|------------------------------------------------------------------------------------------------------------------------|
| Target:           | ANKRD7                                                                                                                 |
| Alternative Name: | ANKRD7 ( <a href="#">ANKRD7 Products</a> )                                                                             |
| Background:       | Background: male gonad development<br>Aliases: ANKR7_HUMAN antibody, ANKRD 7 antibody, ANKRD7 antibody, Ankyrin repeat |

## Target Details

domain 7 antibody, Ankyrin repeat domain-containing protein 7 antibody, Testis specific ankyrin motif containing protein antibody, Testis specific protein TSA806 antibody, Testis-specific protein TSA806 antibody, TSA806 antibody

UniProt: [Q92527](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Preservative: 0.03 % Proclin 300  
Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
