## Overview

|                      |                                         |
|----------------------|-----------------------------------------|
| Quantity:            | 100 µg                                  |
| Target:              | CD72                                    |
| Binding Specificity: | AA 150-208                              |
| Reactivity:          | Human                                   |
| Host:                | Rabbit                                  |
| Clonality:           | Polyclonal                              |
| Conjugate:           | This CD72 antibody is conjugated to HRP |
| Application:         | ELISA                                   |

## Product Details

|                   |                                                                           |
|-------------------|---------------------------------------------------------------------------|
| Immunogen:        | Recombinant Human B-cell differentiation antigen CD72 protein (150-208AA) |
| Isotype:          | IgG                                                                       |
| Cross-Reactivity: | Human                                                                     |
| Purification:     | >95%, Protein G purified                                                  |

## Target Details

|                   |                                                                                                                                                                     |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | CD72                                                                                                                                                                |
| Alternative Name: | CD72 ( <a href="#">CD72 Products</a> )                                                                                                                              |
| Background:       | Background: Plays a role in B-cell proliferation and differentiation.<br>Aliases: B cell differentiation antigen CD72 antibody, B-cell differentiation antigen CD72 |

## Target Details

antibody, CD\_antigen=CD72 antibody, CD72 antibody, CD72 antigen antibody, CD72 Molecule antibody, CD72\_HUMAN antibody, CD72b antibody, CD72c antibody, Ly-19 antibody, Ly-32 antibody, Ly-m19 antibody, Lyb-2 antibody, Lyb2 antibody, LYB2, mouse, homolog of antibody, Lymphocyte antigen 32 antibody, MGC108873 antibody

UniProt: [P21854](#)

Pathways: [BCR Signaling](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Preservative: 0.03 % Proclin 300  
Constituents: 50 % Glycerol, 0.01M PBS, pH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
