**anti-CENPJ antibody (AA 1082-1248) (Biotin)**

## Overview

Quantity:	100 µg
Target:	CENPJ
Binding Specificity:	AA 1082-1248
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This CENPJ antibody is conjugated to Biotin
Application:	ELISA

## Product Details

Immunogen:	Recombinant Human Centromere protein J protein (1082-1248AA)
Isotype:	IgG
Cross-Reactivity:	Human
Purification:	>95%, Protein G purified

## Target Details

Target:	CENPJ
Alternative Name:	CENPJ ( <a href="#">CENPJ Products</a> )
Background:	Background: Plays an important role in cell division and centrosome function by participating in centriole duplication (PubMed:17681131, PubMed:20531387). Inhibits microtubule nucleation

## Target Details

from the centrosome. Involved in the regulation of slow processive growth of centriolar microtubules. Acts as microtubule plus-end tracking protein that stabilizes centriolar microtubules and inhibits microtubule polymerization and extension from the distal ends of centrioles (PubMed:15047868, PubMed:27219064, PubMed:27306797). Required for centriole elongation and for STIL-mediated centriole amplification (PubMed:22020124). May be involved in the control of centriolar-microtubule growth by acting as a regulator of tubulin release (PubMed:27306797).

Aliases: BM032 antibody, CENP-J antibody, CENPJ antibody, CENPJ\_HUMAN antibody, Centromere protein J antibody, Centrosomal P4.1-associated protein antibody, CPAP antibody, LAG-3-associated protein antibody, LAP antibody, LIP1 antibody, LYST interacting protein LIP1 antibody, LYST interacting protein LIP7 antibody, LYST-interacting protein 1 antibody, MCPH6 antibody, Sas 4 antibody, SASS4 antibody, SCKL4 antibody

UniProt:	<a href="#">Q9HC77</a>

Pathways:	<a href="#">M Phase</a>
-----------	-------------------------

## Application Details

Application Notes:	Optimal working dilution should be determined by the investigator.
--------------------	--

Restrictions:	For Research Use only
---------------	-----------------------

## Handling

Format:	Liquid
---------	--------

Buffer:	Preservative: 0.03 % Proclin 300 Constituents: 50 % Glycerol, 0.01M PBS, pH 7.4
---------	--

Preservative:	ProClin
---------------	---------

Precaution of Use:	This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.
--------------------	---

Storage:	-20 °C,-80 °C
----------	---------------

Storage Comment:	Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
