**anti-ELAVL2 antibody (AA 4-356) (HRP)**[Go to Product page](#)

## Overview

|                      |                                           |
|----------------------|-------------------------------------------|
| Quantity:            | 100 µg                                    |
| Target:              | ELAVL2                                    |
| Binding Specificity: | AA 4-356                                  |
| Reactivity:          | Human                                     |
| Host:                | Rabbit                                    |
| Clonality:           | Polyclonal                                |
| Conjugate:           | This ELAVL2 antibody is conjugated to HRP |
| Application:         | ELISA                                     |

## Product Details

|                   |                                                         |
|-------------------|---------------------------------------------------------|
| Immunogen:        | Recombinant Human ELAV-like protein 2 protein (4-356AA) |
| Isotype:          | IgG                                                     |
| Cross-Reactivity: | Human                                                   |
| Purification:     | >95%, Protein G purified                                |

## Target Details

|                   |                                                                                                                                                            |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | ELAVL2                                                                                                                                                     |
| Alternative Name: | ELAVL2 ( <a href="#">ELAVL2 Products</a> )                                                                                                                 |
| Background:       | Background: Binds RNA. Seems to recognize a GAAA motif.<br>Aliases: ELAV like neuron specific RNA binding protein 2 antibody, ELAV like Neuronal Protein 1 |

## Target Details

antibody, ELAV like Protein 2 antibody, ELAV-like neuronal protein 1 antibody, ELAV-like protein 2 antibody, ELAV2\_HUMAN antibody, ELAVL2 antibody, HEL-N1 antibody, HELN1 antibody, HU Antigen B antibody, Hu-antigen B antibody, HuB antibody, Nervous System Specific RNA Binding Protein MeIN1 antibody, Nervous system-specific RNA-binding protein Hel-N1 antibody

UniProt: [Q12926](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Preservative: 0.03 % Proclin 300  
Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
