

Datasheet for ABIN7157889

**anti-Laminin beta 3 antibody (AA 256-397) (HRP)**[Go to Product page](#)

## Overview

|                      |                                                   |
|----------------------|---------------------------------------------------|
| Quantity:            | 100 µg                                            |
| Target:              | Laminin beta 3 (LAMB3)                            |
| Binding Specificity: | AA 256-397                                        |
| Reactivity:          | Human                                             |
| Host:                | Rabbit                                            |
| Clonality:           | Polyclonal                                        |
| Conjugate:           | This Laminin beta 3 antibody is conjugated to HRP |
| Application:         | ELISA                                             |

## Product Details

|                   |                                                              |
|-------------------|--------------------------------------------------------------|
| Immunogen:        | Recombinant Human Laminin subunit beta-3 protein (256-397AA) |
| Isotype:          | IgG                                                          |
| Cross-Reactivity: | Human                                                        |
| Purification:     | >95%, Protein G purified                                     |

## Target Details

|                   |                                                                                                                                                                                           |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | Laminin beta 3 (LAMB3)                                                                                                                                                                    |
| Alternative Name: | LAMB3 ( <a href="#">LAMB3 Products</a> )                                                                                                                                                  |
| Background:       | Background: Binding to cells via a high affinity receptor, laminin is thought to mediate the attachment, migration and organization of cells into tissues during embryonic development by |

## Target Details

interacting with other extracellular matrix components.

Aliases: BM600 125KDA antibody, Epiligrin subunit bata antibody, FLJ99565 antibody, Kalinin B1 chain antibody, Kalinin subunit beta antibody, LAM5 antibody, LAMB3 antibody, LAMB3\_HUMAN antibody, Laminin B1k chain antibody, Laminin subunit beta-3 antibody, Laminin-5 subunit beta antibody, LAMNB1 antibody, Nicein subunit beta antibody

UniProt: [Q13751](#)

Pathways: [Brown Fat Cell Differentiation](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Preservative: 0.03 % Proclin 300  
Constituents: 50 % Glycerol, 0.01M PBS, pH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
