Datasheet for ABIN7158417  
**anti-LDAH/C2orf43 antibody (AA 1-325) (HRP)**

### Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 100 µg                                          |
| Target:              | LDAH/C2orf43 (LDAH)                             |
| Binding Specificity: | AA 1-325                                        |
| Reactivity:          | Human                                           |
| Host:                | Rabbit                                          |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This LDAH/C2orf43 antibody is conjugated to HRP |
| Application:         | ELISA                                           |

### Product Details

|                   |                                                                        |
|-------------------|------------------------------------------------------------------------|
| Immunogen:        | Recombinant Human Lipid droplet-associated hydrolase protein (1-325AA) |
| Isotype:          | IgG                                                                    |
| Cross-Reactivity: | Human                                                                  |
| Purification:     | Antigen Affinity Purified                                              |

### Target Details

|                   |                                                                                                                                                                                       |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | LDAH/C2orf43 (LDAH)                                                                                                                                                                   |
| Alternative Name: | LDAH ( <a href="#">LDAH Products</a> )                                                                                                                                                |
| Background:       | Background: Serine lipid hydrolase associated with lipid droplets. Highly expressed in macrophage-rich areas in atherosclerotic lesions, suggesting that it could promote cholesterol |

## Target Details

---

ester turnover in macrophages.

Aliases: C2orf43 antibody, CB043\_HUMAN antibody, Chromosome 2 open reading frame 43 antibody, FLJ21820 antibody, Hypothetical protein LOC60526 antibody, UPF0554 protein C2orf43 antibody

---

UniProt: [Q9H6V9](#)

---

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

---

Restrictions: For Research Use only

---

## Handling

---

Format: Liquid

---

Buffer: Preservative: 0.03 % Proclin 300  
Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4

---

Preservative: ProClin

---

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

---

Storage: -20 °C,-80 °C

---

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
