## anti-NCOA6 antibody (AA 285-504) (Biotin)

Overview

| Quantity:            | 100 µg                                      |
|----------------------|---|
| Target:              | NCOA6                                       |
| Binding Specificity: | AA 285-504                                  |
| Reactivity:          | Human                                       |
| Host:                | Rabbit                                      |
| Clonality:           | Polyclonal                                  |
| Conjugate:           | This NCOA6 antibody is conjugated to Biotin |
| Application:         | ELISA                                       |

## Product Details

| Immunogen:        | Recombinant Human Nuclear receptor coactivator 6 protein (285-504AA) |
|-------------------|--|
| Isotype:          | lgG  |
| Cross-Reactivity: | Human  |
| Purification:     | >95%, Protein G purified   |

## Target Details

| Target:           | NCOA6   |
|-------------------|---|
| Alternative Name: | NCOA6 (NCOA6 Products)  |
| Background:       | Background: Nuclear receptor coactivator that directly binds nuclear receptors and stimulates |
|                   | the transcriptional activities in a hormone-dependent fashion. Coactivates expression in an   |

|           | agonist- and AF2-dependent manner. Involved in the coactivation of different nuclear receptors,  |
|-----------|--|
|           | such as for steroids (GR and ERs), retinoids (RARs and RXRs), thyroid hormone (TRs), vitamin     |
|           | D3 (VDR) and prostanoids (PPARs). Probably functions as a general coactivator, rather than       |
|           | just a nuclear receptor coactivator. May also be involved in the coactivation of the NF-kappa-B  |
|           | pathway. May coactivate expression via a remodeling of chromatin and its interaction with        |
|           | histone acetyltransferase proteins.  |
|           | Aliases: NCOA6 antibody, AIB3 antibody, KIAA0181 antibody, RAP250 antibody, TRBP antibody,       |
|           | Nuclear receptor coactivator 6 antibody, Activating signal cointegrator 2 antibody, ASC-2        |
|           | antibody, Amplified in breast cancer protein 3 antibody, Cancer-amplified transcriptional        |
|           | coactivator ASC-2 antibody, Nuclear receptor coactivator RAP250 antibody, NRC RAP250             |
|           | antibody, Nuclear receptor-activating protein antibody, 250 kDa antibody, Peroxisome             |
|           | proliferator-activated receptor-interacting protein antibody, PPAR-interacting protein antibody, |
|           | PRIP antibody, Thyroid hormone receptor-binding protein antibody                                 |
| UniProt:  | Q14686   |
| Pathways: | Intracellular Steroid Hormone Receptor Signaling Pathway, Regulation of Lipid Metabolism by      |
|           | PPARalpha  |
|           |  |

## Application Details

| Application Notes: | Optimal working dilution should be determined by the investigator. |
|--------------------|--|
| Restrictions:      | For Research Use only  |
| Handling           |  |
|                    |  |

| Format:            | Liquid  |
|--------------------|---|
| Buffer:            | Preservative: 0.03 % Proclin 300<br>Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4                                |
| Preservative:      | ProClin   |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C   |
| Storage Comment:   | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.   |
