**anti-ETS2 antibody (AA 9-185) (Biotin)**[Go to Product page](#)

## Overview

|                      |                                            |
|----------------------|--------------------------------------------|
| Quantity:            | 100 µg                                     |
| Target:              | ETS2                                       |
| Binding Specificity: | AA 9-185                                   |
| Reactivity:          | Human                                      |
| Host:                | Rabbit                                     |
| Clonality:           | Polyclonal                                 |
| Conjugate:           | This ETS2 antibody is conjugated to Biotin |
| Application:         | ELISA                                      |

## Product Details

|                   |                                                     |
|-------------------|-----------------------------------------------------|
| Immunogen:        | Recombinant Human Protein C-ets-2 protein (9-185AA) |
| Isotype:          | IgG                                                 |
| Cross-Reactivity: | Human                                               |
| Purification:     | >95%, Protein G purified                            |

## Target Details

|                   |                                                                                                                                                                                   |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | ETS2                                                                                                                                                                              |
| Alternative Name: | ETS2 ( <a href="#">ETS2 Products</a> )                                                                                                                                            |
| Background:       | Background: Transcription factor activating transcription. Binds specifically the DNA GGAA/T core motif (Ets-binding site or EBS) in gene promoters and stimulates transcription. |

## Target Details

Aliases: C ets 2 protein antibody, ETS2 antibody, ETS2\_HUMAN antibody, ETS2IT1 antibody, Oncogene ETS 2 antibody, Oncogene ETS2 antibody, Protein C-ets-2 antibody, v ets avian erythroblastosis virus E2 oncogene homolog 2 antibody, V ets avian erythroblastosis virus E26 oncogene homolog 2 antibody, V ets erythroblastosis virus E26 oncogene homolog 2 antibody

UniProt: [P15036](#)

Pathways: [EGFR Signaling Pathway](#), [Myometrial Relaxation and Contraction](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Preservative: 0.03 % Proclin 300  
Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
