## anti-SGK196 antibody (AA 44-350) (FITC)

### Overview

|                      |  |
|----------------------|--|
| Quantity:            | 100 µg                                     |
| Target:              | SGK196                                     |
| Binding Specificity: | AA 44-350                                  |
| Reactivity:          | Human                                      |
| Host:                | Rabbit                                     |
| Clonality:           | Polyclonal                                 |
| Conjugate:           | This SGK196 antibody is conjugated to FITC |
| Application:         | Please inquire                             |

### Product Details

|                   |   |
|-------------------|---|
| Immunogen:        | Recombinant Human Protein O-mannose kinase protein (44-350AA) |
| Isotype:          | IgG   |
| Cross-Reactivity: | Human   |
| Purification:     | >95%, Protein G purified                                      |

### Target Details

|                   |  |
|-------------------|--|
| Target:           | SGK196   |
| Alternative Name: | POMK ( <a href="#">SGK196 Products</a> )   |
| Background:       | Background: Protein O-mannose kinase that specifically mediates phosphorylation at the 6-position of an O-mannose of the trisaccharide (N-acetylgalactosamine (GalNAc)-beta-1,3-N- |

## Target Details

acetylglucosamine (GlcNAc)-beta-1,4-mannose) to generate phosphorylated O-mannosyl trisaccharide (N-acetylgalactosamine-beta-1,3-N-acetylglucosamine-beta-1,4-(phosphate-6-)mannose). Phosphorylated O-mannosyl trisaccharide is a carbohydrate structure present in alpha-dystroglycan (DAG1), which is required for binding laminin G-like domain-containing extracellular proteins with high affinity. Only shows kinase activity when the GalNAc-beta-3-GlcNAc-beta-terminus is linked to the 4-position of O-mannose, suggesting that this disaccharide serves as the substrate recognition motif.

Aliases: FLJ23356 antibody, MDDGA12 antibody, POMK antibody, Probable inactive protein kinase-like protein SgK196 antibody, Protein kinase like protein SgK196 antibody, Protein kinase-like protein SgK196 antibody, Protein O-mannose kinase antibody, SG196\_HUMAN antibody, SGK196 antibody, Sugan kinase 196 antibody

UniProt: [Q9H5K3](#)

## Application Details

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Preservative: 0.03 % Proclin 300  
Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
