## Overview

|                      |                                          |
|----------------------|------------------------------------------|
| Quantity:            | 100 µg                                   |
| Target:              | GDI2                                     |
| Binding Specificity: | AA 1-441                                 |
| Reactivity:          | Human                                    |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This GDI2 antibody is conjugated to FITC |
| Application:         | Please inquire                           |

## Product Details

|                   |                                                                         |
|-------------------|-------------------------------------------------------------------------|
| Immunogen:        | Recombinant Human Rab GDP dissociation inhibitor beta protein (1-441AA) |
| Isotype:          | IgG                                                                     |
| Cross-Reactivity: | Human                                                                   |
| Purification:     | >95%, Protein G purified                                                |

## Target Details

|                   |                                                                                                                                                                      |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | GDI2                                                                                                                                                                 |
| Alternative Name: | GDI2 ( <a href="#">GDI2 Products</a> )                                                                                                                               |
| Background:       | Background: Regulates the GDP/GTP exchange reaction of most Rab proteins by inhibiting the dissociation of GDP from them, and the subsequent binding of GTP to them. |

## Target Details

Aliases: GDI-2 antibody, GDI2 antibody, GDIB\_HUMAN antibody, GDP dissociation inhibitor 2 antibody, Guanosine diphosphate dissociation inhibitor 2 antibody, Rab GDI beta antibody, Rab GDP dissociation inhibitor beta antibody, RABGDIB antibody

UniProt: [P50395](#)

## Application Details

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Preservative: 0.03 % Proclin 300  
Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
