

Datasheet for ABIN7171283

**anti-TRAC antibody (AA 1-140) (FITC)**[Go to Product page](#)

## Overview

|                      |                                          |
|----------------------|------------------------------------------|
| Quantity:            | 100 µg                                   |
| Target:              | TRAC                                     |
| Binding Specificity: | AA 1-140                                 |
| Reactivity:          | Human                                    |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This TRAC antibody is conjugated to FITC |
| Application:         | Please inquire                           |

## Product Details

|                   |                                                                    |
|-------------------|--------------------------------------------------------------------|
| Immunogen:        | Recombinant Human T cell receptor alpha constant protein (1-140AA) |
| Isotype:          | IgG                                                                |
| Cross-Reactivity: | Human                                                              |
| Purification:     | >95%, Protein G purified                                           |

## Target Details

|                   |                                                                       |
|-------------------|-----------------------------------------------------------------------|
| Target:           | TRAC                                                                  |
| Alternative Name: | TRAC ( <a href="#">TRAC Products</a> )                                |
| Background:       | TRAC antibody, TCRA antibody, T cell receptor alpha constant antibody |
| UniProt:          | <a href="#">P01848</a>                                                |

Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

Handling

|         |        |
|---------|--------|
| Format: | Liquid |
|---------|--------|

|         |                                                                                    |
|---------|------------------------------------------------------------------------------------|
| Buffer: | Preservative: 0.03 % Proclin 300<br>Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4 |
|---------|------------------------------------------------------------------------------------|

|               |         |
|---------------|---------|
| Preservative: | ProClin |
|---------------|---------|

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
|--------------------|-------------------------------------------------------------------------------------------------------------------|

|          |               |
|----------|---------------|
| Storage: | -20 °C,-80 °C |
|----------|---------------|

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Storage Comment: | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze. |
