## anti-TCP1 alpha/CCTA antibody (AA 1-215)

[Go to Product page](#)

### 1 Image

#### Overview

|                      |                                                |
|----------------------|------------------------------------------------|
| Quantity:            | 100 µg                                         |
| Target:              | TCP1 alpha/CCTA (TCP1)                         |
| Binding Specificity: | AA 1-215                                       |
| Reactivity:          | Human                                          |
| Host:                | Rabbit                                         |
| Clonality:           | Polyclonal                                     |
| Conjugate:           | This TCP1 alpha/CCTA antibody is un-conjugated |
| Application:         | ELISA, Immunohistochemistry (IHC)              |

#### Product Details

|                   |                                                                     |
|-------------------|---------------------------------------------------------------------|
| Immunogen:        | Recombinant Human T-complex protein 10A homolog 2 protein (1-215AA) |
| Isotype:          | IgG                                                                 |
| Cross-Reactivity: | Human                                                               |
| Purification:     | >95%, Protein G purified                                            |

#### Target Details

|                   |                                                                                                                                                                                |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | TCP1 alpha/CCTA (TCP1)                                                                                                                                                         |
| Alternative Name: | TCP1L ( <a href="#">TCP1 Products</a> )                                                                                                                                        |
| Background:       | Background: May be involved in transcriptional regulation. Has in vitro transcription inhibition activity. Acts as a tumor suppressor in hepatocellular carcinoma (HCC) cells. |

## Target Details

Aliases: TCP10L antibody, PRED77 antibody, T-complex protein 10A homolog 1 antibody, T-complex protein 10A-1 antibody, TCP10A-1 antibody, TCP10-like antibody

UniProt: [Q8TDR4](#)

## Application Details

Application Notes: Recommended dilution: IHC:1:20-1:200,

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Preservative: 0.03 % Proclin 300  
Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
