Datasheet for ABIN7172665  
**anti-GTF2B antibody (AA 1-316) (HRP)**

### Overview

|                      |  |
|----------------------|--|
| Quantity:            | 100 µg                                   |
| Target:              | GTF2B                                    |
| Binding Specificity: | AA 1-316                                 |
| Reactivity:          | Human                                    |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This GTF2B antibody is conjugated to HRP |
| Application:         | ELISA                                    |

### Product Details

|                   |   |
|-------------------|---|
| Immunogen:        | Recombinant Human Transcription initiation factor IIB protein (1-316AA) |
| Isotype:          | IgG   |
| Cross-Reactivity: | Human   |
| Purification:     | >95%, Protein G purified  |

### Target Details

|                   |  |
|-------------------|--|
| Target:           | GTF2B  |
| Alternative Name: | GTF2B ( <a href="#">GTF2B Products</a> )   |
| Background:       | Background: General factor that plays a major role in the activation of eukaryotic genes transcribed by RNA polymerase II. |

## Target Details

---

Aliases: General transcription factor IIB antibody, General transcription factor TFIIB antibody, gtf2b antibody, RNA polymerase II transcription factor IIB antibody, S300 II antibody, S300-II antibody, TF IIB antibody, TF2B antibody, TF2B\_HUMAN antibody, TFIIB antibody, Transcription initiation factor IIB antibody

UniProt: [Q00403](#)

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

---

Format: Liquid

Buffer: Preservative: 0.03 % Proclin 300  
Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
