Datasheet for ABIN7175103
anti-SLC14A1 antibody (AA 1-51) (FITC)

Overview

Quantity:	100 µg
Target:	SLC14A1
Binding Specificity:	AA 1-51
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This SLC14A1 antibody is conjugated to FITC
Application:	Please inquire

Product Details

Immunogen:	Recombinant Human Urea transporter 1 protein (1-51AA)
Isotype:	IgG
Cross-Reactivity:	Human
Purification:	>95%, Protein G purified

Target Details

Target:	SLC14A1
Alternative Name:	SLC14A1 (SLC14A1 Products)
Background:	Background: Urea channel that facilitates transmembrane urea transport down a concentration gradient. A constriction of the transmembrane channel functions as selectivity filter through

Target Details

which urea is expected to pass in dehydrated form. The rate of urea conduction is increased by hypotonic stress. Plays an important role in the kidney medulla collecting ducts, where it allows rapid equilibration between the lumen of the collecting ducts and the interstitium, and thereby prevents water loss driven by the high concentration of urea in the urine. Facilitates urea transport across erythrocyte membranes. May also play a role in transmembrane water transport, possibly by indirect means.

Aliases: blood group Kidd urea transporter antibody, erythrocyte antibody, HsT1341 antibody, HUT11 antibody, JK antibody, Kidd antibody, kidd (JK) blood group urea transporter B1 antibody, RACH1 antibody, Slc14a1 antibody, solute carrier family 14 (urea transporter) member 1 (Kidd blood group) antibody, Solute carrier family 14 member 1 antibody, Urea transporter 1 antibody, Urea transporter antibody, urea transporter B1 antibody, Urea transporter erythrocyte antibody, urea transporter JK glycoprotein antibody, UT B1 antibody, UT1 antibody, UT1_HUMAN antibody, UTE antibody

UniProt: [Q13336](#)

Application Details

Restrictions: For Research Use only

Handling

Format: Liquid

Buffer: Preservative: 0.03 % Proclin 300
Constituents: 50 % Glycerol, 0.01M PBS, pH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
