## Overview

|                      |                                           |
|----------------------|-------------------------------------------|
| Quantity:            | 100 µg                                    |
| Target:              | ZNF73                                     |
| Binding Specificity: | AA 218-286                                |
| Reactivity:          | Human                                     |
| Host:                | Rabbit                                    |
| Clonality:           | Polyclonal                                |
| Conjugate:           | This ZNF73 antibody is conjugated to FITC |
| Application:         | Please inquire                            |

## Product Details

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Immunogen:        | Recombinant Human Zinc finger protein 703 protein (218-286AA) |
| Isotype:          | IgG                                                           |
| Cross-Reactivity: | Human                                                         |
| Purification:     | >95%, Protein G purified                                      |

## Target Details

|                   |                                                                                                                                                                                          |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | ZNF73                                                                                                                                                                                    |
| Alternative Name: | ZNF73 ( <a href="#">ZNF73 Products</a> )                                                                                                                                                 |
| Background:       | Background: Transcriptional corepressor which does not bind directly to DNA and may regulate transcription through recruitment of histone deacetylases to gene promoters. Regulates cell |

## Target Details

adhesion, migration and proliferation. May be required for segmental gene expression during hindbrain development.

Aliases: FLJ14299 antibody, ZEPP01 antibody, Zinc finger elbow-related proline domain protein 1 antibody, Zinc finger protein 703 antibody, ZN703\_HUMAN antibody, ZNF503L antibody, znf703 antibody, ZPO1 antibody

UniProt: [Q9H7S9](#)

## Application Details

Restrictions: For Research Use only

## Handling

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                            |
| Buffer:            | Preservative: 0.03 % Proclin 300<br>Constituents: 50 % Glycerol, 0.01M PBS, pH 7.4                                |
| Preservative:      | ProClin                                                                                                           |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                     |
| Storage Comment:   | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                     |
