## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | AXL                                                      |
| Binding Specificity: | pTyr691                                                  |
| Reactivity:          | Human                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This AXL antibody is un-conjugated                       |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC) |

## Product Details

|                   |                                                                                                                       |
|-------------------|-----------------------------------------------------------------------------------------------------------------------|
| Immunogen:        | Synthesized peptide derived from Human Axl around the phosphorylation site of Y691.                                   |
| Isotype:          | IgG                                                                                                                   |
| Cross-Reactivity: | Human, Mouse, Rat                                                                                                     |
| Purification:     | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |

## Target Details

|                   |                                                                                               |
|-------------------|-----------------------------------------------------------------------------------------------|
| Target:           | AXL                                                                                           |
| Alternative Name: | AXL ( <a href="#">AXL Products</a> )                                                          |
| Background:       | Adhesion related kinase antibody, A1323647 antibody, Ark antibody, Axl antibody, AXL oncogene |

## Target Details

antibody, AXL receptor tyrosine kinase antibody, AXL transforming gene antibody, AXL transforming sequence/gene antibody, EC 2.7.10.1 antibody, JTK11 antibody, Oncogene AXL antibody, Tyro7 antibody, Tyrosine protein kinase receptor UFO antibody, Tyrosine-protein kinase receptor UFO antibody, UFO antibody, UFO\_HUMAN antibody

UniProt: [P30530](#)

Pathways: [RTK Signaling](#), [Cellular Response to Molecule of Bacterial Origin](#)

## Application Details

Application Notes: WB:1:500-1:2000, IHC:1:100-1:300, ELISA:1:20000,

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Liquid in PBS containing 50 % glycerol, 0.5 % BSA and 0.02 % sodium azide.

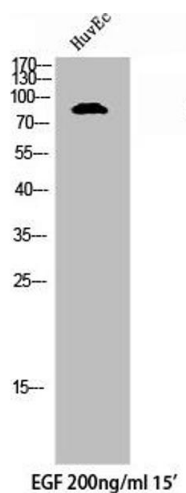

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: -20 °C,-80 °C

Storage Comment: Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
