## anti-BAD antibody (Cleaved-Asp71)

[Go to Product page](#)

### 1 Image

#### Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | BAD                                                      |
| Binding Specificity: | Cleaved-Asp71                                            |
| Reactivity:          | Mouse                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This BAD antibody is un-conjugated                       |
| Application:         | ELISA, Western Blotting (WB), Immunohistochemistry (IHC) |

#### Product Details

|                   |                                                                                                                       |
|-------------------|-----------------------------------------------------------------------------------------------------------------------|
| Immunogen:        | Synthesized peptide derived from the Internal region of Mouse Bad.                                                    |
| Isotype:          | IgG                                                                                                                   |
| Cross-Reactivity: | Mouse, Rat                                                                                                            |
| Purification:     | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |

#### Target Details

|                   |                                                                                     |
|-------------------|-------------------------------------------------------------------------------------|
| Target:           | BAD                                                                                 |
| Alternative Name: | BAD ( <a href="#">BAD Products</a> )                                                |
| Background:       | AI325008 antibody, BAD antibody, BAD_HUMAN antibody, BBC 2 antibody, BBC2 antibody, |

## Target Details

BBC6 antibody, Bcl 2 Antagonist of Cell Death antibody, Bcl 2 Binding Component 6 antibody, BCL X / BCL 2 Binding Protein antibody, BCL X Binding Protein antibody, Bcl XL/Bcl 2 Associated Death Promoter antibody, Bcl-2-binding component 6 antibody, Bcl-2-like protein 8 antibody, Bcl-XL/Bcl-2-associated death promoter antibody, Bcl2 antagonist of cell death antibody, BCL2 antagonist of cell death protein antibody, BCL2 associated agonist of cell death antibody, Bcl2 Associated Death Promoter antibody, BCL2 binding component 6 antibody, BCL2 binding protein antibody, Bcl2 Like 8 Protein antibody, Bcl2-L-8 antibody, BCL2L8 antibody, Proapoptotic BH3 Only Protein antibody

|           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|-----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt:  | <a href="#">Q92934</a>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

## Application Details

|                    |                                                  |
|--------------------|--------------------------------------------------|
| Application Notes: | WB:1:500-1:2000, IHC:1:100-1:300, ELISA:1:20000, |
| Restrictions:      | For Research Use only                            |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | Liquid in PBS containing 50 % glycerol, 0.5 % BSA and 0.02 % sodium azide.                                             |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                          |
| Storage Comment:   | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                          |

Western Blotting

**Image 1.** Western Blot analysis of 293 cells using Cleaved-Bad (D71) Polyclonal Antibody
