## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 100 µg                              |
| Target:              | CD24                                |
| Binding Specificity: | N-Term                              |
| Reactivity:          | Human                               |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This CD24 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA        |

## Product Details

|                   |                                                                                                                       |
|-------------------|-----------------------------------------------------------------------------------------------------------------------|
| Immunogen:        | Synthesized peptide derived from the N-terminal region of Human CD24.                                                 |
| Isotype:          | IgG                                                                                                                   |
| Cross-Reactivity: | Human, Mouse, Rat                                                                                                     |
| Purification:     | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |

## Target Details

|                   |                                                                                           |
|-------------------|-------------------------------------------------------------------------------------------|
| Target:           | CD24                                                                                      |
| Alternative Name: | CD24 ( <a href="#">CD24 Products</a> )                                                    |
| Background:       | CD 24 antibody, CD24 antibody, CD24 antigen (small cell lung carcinoma cluster 4 antigen) |

Target Details

|           |                                                                                                                                                                                                                                                                                                                                                 |
|-----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|           | antibody, CD24 antigen antibody, CD24 Molecule antibody, CD24_HUMAN antibody, CD24A antibody, FLJ22950 antibody, FLJ43543 antibody, GPI linked surface mucin antibody, Heat stable antigen antibody, HSA antibody, MGC75043 antibody, Nectadrin antibody, Signal transducer CD24 antibody, Small cell lung carcinoma cluster 4 antigen antibody |
| UniProt:  | <a href="#">P25063</a>                                                                                                                                                                                                                                                                                                                          |
| Pathways: | <a href="#">Regulation of Leukocyte Mediated Immunity</a> , <a href="#">Positive Regulation of Immune Effector Process</a> , <a href="#">Activated T Cell Proliferation</a>                                                                                                                                                                     |

Application Details

|                    |                                 |
|--------------------|---------------------------------|
| Application Notes: | WB:1:500-1:2000, ELISA:1:10000, |
| Restrictions:      | For Research Use only           |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | Liquid in PBS containing 50 % glycerol, 0.5 % BSA and 0.02 % sodium azide.                                             |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                          |
| Storage Comment:   | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                                                          |
