Datasheet for ABIN7271580

## X Solution

### Overview

---

Quantity: 30 mL

### Product Details

---

### Application Details

---

Comment: If a precipitate is visible, incubate at 37°C for 5 minutes (or longer if necessary). Mix gently by inversion until the precipitate dissolves (do not vortex).  
X Solution contains SDS and will precipitate if stored below room temperature. Overly vigorous mixing will cause foaming

Restrictions: For Research Use only

### Handling

---

Storage: RT

Storage Comment: Store at ambient temperature
