Datasheet for ABIN728524 anti-Casein antibody (Cy7)

Overview

| Quantity: | 100 µL |
|--------------|---|
| Target: | Casein (CASA) |
| Reactivity: | Cow |
| Host: | Rabbit |
| Clonality: | Polyclonal |
| Conjugate: | This Casein antibody is conjugated to Cy7 |
| Application: | Immunofluorescence (Paraffin-embedded Sections) (IF (p)), Western Blotting (WB), Flow Cytometry (FACS) |

Product Details

| Immunogen: | Casein protein from bovine milk |
|-----------------------|---------------------------------|
| Isotype: | lgG |
| Cross-Reactivity: | Cow, Human, Mouse |
| Predicted Reactivity: | Cow |
| Purification: | Purified by Protein A. |

Target Details

| Target: | Casein (CASA) |
|-------------------|------------------------|
| Alternative Name: | Casein (CASA Products) |
| Background: | Synonyms: NULL |

All rights reserved. Background: Casein is the name for a family of related phosphoproteins. These proteins are commonly found in mammalian milk, making up 80% of the proteins in cow milk and between 20% and 45% of the proteins in human milk. Casein has a wide variety of uses, from being a major component of cheese, to use as a food additive, to a binder for safety matches. As a food source, casein supplies amino acids; carbohydrates; and two inorganic elements, calcium and phosphorus. Casein from bovine milk is a phosphoprotein. There are four main types of casein which make up approximately 80% of the total protein in bovine milk: _-s1 casein, _-s2 casein, _- casein, and _-casein. Casein is proposed to be the main protective constituent in milk.

Application Details

| Application Notes: Restrictions: Handling | IF(IHC-P) 1:50-200 For Research Use only |
|---|---|
| | For Research Use only |
| Handling | |
| | |
| Format: | Liquid |
| Concentration: | 1 µg/µL |
| Buffer: | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol. |
| Preservative: | Sodium azide |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only. |
| Storage: | -20 °C |
| Storage Comment: | Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles. |
| Expiry Date: | 12 months |
