

## Datasheet for ABIN7301644 **anti-GABRA6 antibody**

[Go to Product page](#)

### Overview

|              |                                       |
|--------------|---------------------------------------|
| Quantity:    | 100 µL                                |
| Target:      | GABRA6                                |
| Reactivity:  | Human, Rat, Mouse, Chicken            |
| Host:        | Rabbit                                |
| Clonality:   | Polyclonal                            |
| Conjugate:   | This GABRA6 antibody is un-conjugated |
| Application: | Western Blotting (WB)                 |

### Product Details

|                  |                                                                                                    |
|------------------|----------------------------------------------------------------------------------------------------|
| Purpose:         | Rabbit polyclonal antibody to GABRA6                                                               |
| Immunogen:       | KLH-conjugated synthetic peptide encompassing a sequence within the center region of human GABRA6. |
| Specificity:     | Recognizes endogenous levels of GABRA6 protein.                                                    |
| Characteristics: | Rabbit polyclonal antibody to GABRA6                                                               |
| Purification:    | The antibody was purified by immunogen affinity chromatography.                                    |

### Target Details

|                   |                                                                                    |
|-------------------|------------------------------------------------------------------------------------|
| Target:           | GABRA6                                                                             |
| Alternative Name: | GABRA6 ( <a href="#">GABRA6 Products</a> )                                         |
| Background:       | Gamma-aminobutyric acid receptor subunit alpha-6, GABA(A) receptor subunit alpha-6 |

### Target Details

|           |                                                                          |
|-----------|--------------------------------------------------------------------------|
| Gene ID:  | 2559, 14399, 29708                                                       |
| UniProt:  | <a href="#">Q16445</a> , <a href="#">P16305</a> , <a href="#">P30191</a> |
| Pathways: | <a href="#">Synaptic Membrane</a>                                        |

### Application Details

|                    |                       |
|--------------------|-----------------------|
| Application Notes: | WB (1:500 - 1:1000)   |
| Restrictions:      | For Research Use only |

### Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | Liquid in 0.42 % Potassium phosphate, 0.87 % Sodium chloride, pH 7.3, 30 % glycerol, and 0.01 % sodium azide.          |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Shipped at 4°C. Upon delivery aliquot and store at -20°C for one year. Avoid freeze/thaw cycles.                       |
| Expiry Date:       | 12 months                                                                                                              |
