|     | $\cup$ | 1 V/ | - | V۷  |
|     |        |      |   |     |

| Quantity:    | 100 μL                                                                    |
|--------------|---------------------------------------------------------------------------|
| Target:      | RHOC                                                                      |
| Reactivity:  | Human, Mouse, Rat                                                         |
| Host:        | Rabbit                                                                    |
| Clonality:   | Polyclonal                                                                |
| Conjugate:   | This RHOC antibody is un-conjugated                                       |
| Application: | Western Blotting (WB), Immunofluorescence (IF), Immunochromatography (IC) |

## **Product Details**

| Immunogen:       | Recombinant full length protein of human RhoC                   |
|------------------|-----------------------------------------------------------------|
| Specificity:     | Recognizes endogenous levels of RhoC protein.                   |
| Characteristics: | Rabbit polyclonal antibody to RhoC                              |
| Purification:    | The antibody was purified by immunogen affinity chromatography. |

# **Target Details**

| Target:           | RHOC                                                                   |
|-------------------|------------------------------------------------------------------------|
| Alternative Name: | RhoC (RHOC Products)                                                   |
| Background:       | ARH9, ARHC, Rho-related GTP-binding protein RhoC, Rho cDNA clone 9, h9 |
| Gene ID:          | 389, 11853                                                             |
| UniProt:          | P08134, Q62159                                                         |

# **Target Details**

| Pathways: | WNT Signaling, | Cell-Cell Junction | Organization |
|-----------|----------------|--------------------|--------------|
|           |                |                    |              |

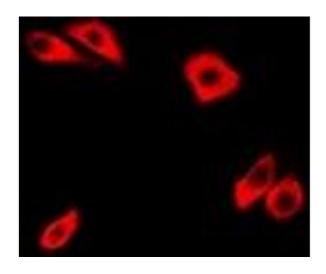

# **Application Details**

| Application Notes: | WB (1:500 - 1:2000), IF/IC (1:50 - 1:200) |
|--------------------|-------------------------------------------|
| Restrictions:      | For Research Use only                     |

# Handling

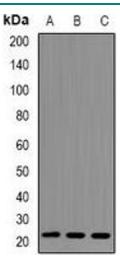

| Format:            | Liquid                                                                                                                 |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Buffer:            | Liquid in 0.42 % Potassium phosphate, 0.87 % Sodium chloride, pH 7.3, 30 % glycerol, and 0.01 % sodium azide.          |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Shipped at 4°C. Upon delivery aliquot and store at -20°C for one year. Avoid freeze/thaw cycles.                       |
| Expiry Date:       | 12 months                                                                                                              |

# **Images**

### **Immunofluorescence**

**Image 1.** Immunofluorescent analysis of RhoC staining in Hela cells. Formalin-fixed cells were permeabilized with 0.1% Triton X-100 in TBS for 5-10 minutes and blocked with 3% BSA-PBS for 30 minutes at room temperature. Cells were probed with the primary antibody i

## **Western Blotting**

Image 2. Western blot analysis of RhoC expression in Jurkat (A), A549 (B), PC12 (C) whole cell lysates.
