anti-PTHLH antibody (AA 37-175) (HRP)

Overview

Quantity:	50 μg
Target:	PTHLH
Binding Specificity:	AA 37-175
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This PTHLH antibody is conjugated to HRP
Application:	ELISA

Product Details

Immunogen:	Recombinant Human Parathyroid hormone-related protein (37-175AA)
Isotype:	IgG
Cross-Reactivity:	Human
Purification:	>95%, Protein G purified

Target Details

Target:	PTHLH
Alternative Name:	PTHLH (PTHLH Products)
Background:	Background: Neuroendocrine peptide which is a critical regulator of cellular and organ growth,
	development, migration, differentiation and survival and of epithelial calcium ion transport.

Regulates endochondral bone development and epithelial-mesenchymal interactions during the formation of the mammary glands and teeth. Required for skeletal homeostasis. Promotes mammary mesenchyme differentiation and bud outgrowth by modulating mesenchymal cell responsiveness to BMPs. Upregulates BMPR1A expression in the mammary mesenchyme and this increases the sensitivity of these cells to BMPs and allows them to respond to BMP4 in a paracrine and/or autocrine fashion. BMP4 signaling in the mesenchyme, in turn, triggers epithelial outgrowth and augments MSX2 expression, which causes the mammary mesenchyme to inhibit hair follicle formation within the nipple sheath By similarity. Promotes colon cancer cell migration and invasion in an integrin alpha-6/beta-1-dependent manner through activation of Rac1.

Aliases: HHM antibody, MGC14611 antibody, Osteostatin antibody, Parathyroid hormon like hormone isoform 2 preproprotein antibody, Parathyroid hormone like hormone antibody, Parathyroid hormone like hormone like hormone like protein antibody, Parathyroid hormone like protein antibody, Parathyroid hormone like related protein antibody, Parathyroid hormone related protein antibody, Parathyroid hormone-like protein antibody, Parathyroid like protein antibody, PTH-rP antibody, PTH-rP antibody, PTH-rP antibody, PTH-rP antibody, PTHR_HUMAN antibody, PTH-rP antibody, PTH-rP antibody

UniProt:

P12272

Pathways:

Hormone Activity, cAMP Metabolic Process

Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

Handling

Format:	Liquid
Buffer:	Preservative: 0.03 % Proclin 300 Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4
Preservative:	ProClin
Precaution of Use:	This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.
Storage:	-20 °C,-80 °C

Storage Comment:

Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.
