## anti-Prostaglandin E Synthase antibody (AA 125-150) (Cy5.5)

### Overview

Quantity:	100 µL
Target:	Prostaglandin E Synthase (PTGES)
Binding Specificity:	AA 125-150
Reactivity:	Human, Rat, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Prostaglandin E Synthase antibody is conjugated to Cy5.5
Application:	Western Blotting (WB)

### Product Details

Immunogen:	KLH conjugated synthetic peptide derived from human PTGES
Isotype:	IgG
Cross-Reactivity:	Human
Predicted Reactivity:	Mouse,Rat,Pig,Guinea Pig
Purification:	Purified by Protein A.

### Target Details

Target:	Prostaglandin E Synthase (PTGES)
Alternative Name:	PTGES ( <a href="#">PTGES Products</a> )
Background:	Synonyms: PGES, MPGES, PIG12, PP102, PP1294, MGST-IV, MGST1L1, TP53112, mPGES-1,

## Target Details

---

MGST1-L1, Prostaglandin E synthase, Microsomal glutathione S-transferase 1-like 1, Microsomal prostaglandin E synthase 1, p53-induced gene 12 protein, PTGES, MPGES1  
Background: Prostaglandin E synthase catalyses conversion of COX derived PGH2 to PGE2. It is a member of the MAPEG family. It may contribute to the pathogenesis of collagen induced arthritis and mediate acute pain during inflammatory responses. The protein encoded by this gene is a glutathione-dependent prostaglandin E synthase. The expression of this gene has been shown to be induced by proinflammatory cytokine interleukin 1 beta (IL1B). Its expression can also be induced by tumor suppressor protein TP53, and may be involved in TP53 induced apoptosis. Knockout studies in mice suggest that this gene may contribute to the pathogenesis of collagen-induced arthritis and mediate acute pain during inflammatory responses.

---

Gene ID: 9536

---

UniProt: [O14684](#)

## Application Details

---

Application Notes: IF(IHC-P) 1:50-200

---

Restrictions: For Research Use only

## Handling

---

Format: Liquid

---

Concentration: 1 µg/µL

---

Buffer: Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1 % BSA, 0.03 % Proclin300 and 50 % Glycerol.

---

Preservative: Sodium azide

---

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only.

---

Storage: -20 °C

---

Storage Comment: Store at -20°C. Aliquot into multiple vials to avoid repeated freeze-thaw cycles.

---

Expiry Date: 12 months
