Datasheet for ABIN7383870  
**anti-WNV NS1 antibody**

### Overview

|              |                                        |
|--------------|----------------------------------------|
| Quantity:    | 50 µL                                  |
| Target:      | WNV NS1                                |
| Reactivity:  | West Nile Virus (WNV)                  |
| Host:        | Rabbit                                 |
| Clonality:   | Polyclonal                             |
| Conjugate:   | This WNV NS1 antibody is un-conjugated |
| Application: | ELISA, Western Blotting (WB)           |

### Product Details

|               |                                                                             |
|---------------|-----------------------------------------------------------------------------|
| Immunogen:    | Recombinant WNV (lineage 1, strain NY99) NS1 Protein (His Tag), ABIN7198746 |
| Isotype:      | IgG                                                                         |
| Specificity:  | Anti-West Nile Virus(WNV)(lineage 1, strain NY99) NS1 Polyclonal Antibody   |
| Purification: | Antigen Affinity                                                            |

### Target Details

|                   |                                                                                       |
|-------------------|---------------------------------------------------------------------------------------|
| Target:           | WNV NS1                                                                               |
| Alternative Name: | West Nile Virus(WNV)(lineage 1, strain NY99) NS1 ( <a href="#">WNV NS1 Products</a> ) |
| Background:       | Interferon regulatory factor 3                                                        |

## Application Details

---

Application Notes: WB 1:1000-1:5000 ELISA 1:5000-1:10000

---

Restrictions: For Research Use only

---

## Handling

---

Concentration: 1 mg/mL

---

Buffer: 0.2 µm filtered solution in PBS

---

Storage: -20 °C

---

Storage Comment: Store at -20°C. Avoid freeze / thaw cycles.
