Datasheet for ABIN7383924
anti-SEBOV NP antibody

Overview

Quantity:	50 µL
Target:	SEBOV NP
Reactivity:	Sudan ebolavirus
Host:	Mouse
Clonality:	Monoclonal
Conjugate:	This SEBOV NP antibody is un-conjugated
Application:	ELISA

Product Details

Immunogen:	Recombinant EBOV (Sudan ebolavirus, strain Gulu) Nucleoprotein / NP Protein (His Tag), ABIN7198924
Clone:	1
Isotype:	IgG1
Specificity:	Anti-Ebola virus EBOV(Sudan ebolavirus, strain Gulu) Nucleoprotein/NP Monoclonal Antibody
Purification:	Protein A Affinity

Target Details

Target:	SEBOV NP
Alternative Name:	SEBOV Nucleoprotein/NP (SEBOV NP Products)
Background:	Sec61 alpha 1 subunit (S. cerevisiae)

Application Details

Application Notes: ELISA 1:1000-1:2000

Restrictions: For Research Use only

Handling

Concentration: 1 mg/mL

Buffer: 0.2 μ m filtered solution in PBS

Storage: -20 °C

Storage Comment: Store at -20°C. Avoid freeze / thaw cycles.
