anti-DGCR6L antibody

| () | ve | K\ / | | A . |
|-----|--------|------|----|-----|
| | \cup | 1 V/ | Щ. | V۷ |
| | | | | |

| Quantity: | 60 μL | |
|--------------|---------------------------------------|--|
| Target: | DGCR6L | |
| Reactivity: | Human, Mouse, Rat | |
| Host: | Rabbit | |
| Clonality: | Polyclonal | |
| Conjugate: | This DGCR6L antibody is un-conjugated | |
| Application: | Western Blotting (WB) | |

Product Details

| Immunogen: | Recombinant fusion protein of human DGCR6L (NP_150282.2). | |
|---------------|---|--|
| Isotype: | IgG | |
| Purification: | Affinity purification | |

Target Details

| Target: | DGCR6L |
|-------------------|--|
| Alternative Name: | DGCR6L (DGCR6L Products) |
| Background: | DGCR6L,DGCR6,This gene, the result of a duplication at this locus, is one of two functional |
| | genes encoding nearly identical proteins that have similar expression patterns. The product of |
| | this gene is a protein that shares homology with the Drosophila gonadal protein, expressed in |
| | gonadal tissues and germ cells, and with the human laminin gamma-1 chain that functions in |
| | cell attachment and migration. This gene is located in a region of chromosome 22 implicated in |

Target Details

| | the DiGeorge syndrome, one facet of a broader collection of anomalies referred to as the CATCH 22 syndrome. |
|-------------------|---|
| Molecular Weight: | Observed_MW: 25 kDa Calculated_MW: 24 kDa |
| Gene ID: | 85359 |
| UniProt: | Q9BY27 |

Application Details

| Application Notes: | WB 1:500-1:2000 |
|--------------------|-----------------------|
| Restrictions: | For Research Use only |

Handling

| Concentration: | 1 mg/mL | |
|--------------------|--|--|
| Buffer: | PBS with 0.02 % sodium azide, 50 % glycerol, pH 7.3 | |
| Preservative: | Sodium azide | |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. | |
| Storage: | -20 °C | |
| Storage Comment: | Store at -20°C. Avoid freeze / thaw cycles. | |
