## CNTN3 Protein (AA 264-493) (His tag)

[Go to Product page](#)

### Overview

|                               |                                                                               |
|-------------------------------|-------------------------------------------------------------------------------|
| Quantity:                     | 100 µg                                                                        |
| Target:                       | CNTN3                                                                         |
| Protein Characteristics:      | AA 264-493                                                                    |
| Origin:                       | Mouse                                                                         |
| Source:                       | Escherichia coli (E. coli)                                                    |
| Protein Type:                 | Recombinant                                                                   |
| Purification tag / Conjugate: | This CNTN3 protein is labelled with His tag.                                  |
| Application:                  | SDS-PAGE (SDS), Western Blotting (WB), Immunogen (Imm), Positive Control (PC) |

### Product Details

|                  |                                                                                                                 |
|------------------|-----------------------------------------------------------------------------------------------------------------|
| Sequence:        | Ser264-His493 (Accession # Q07409)                                                                              |
| Characteristics: | Recombinant Contactin 3 (CNTN3), Prokaryotic expression, Ser264-His493 (Accession # Q07409), N-terminal His Tag |
| Purity:          | > 95 %                                                                                                          |

### Target Details

|                   |                                                                                                                           |
|-------------------|---------------------------------------------------------------------------------------------------------------------------|
| Target:           | CNTN3                                                                                                                     |
| Alternative Name: | Contactin 3 ( <a href="#">CNTN3 Products</a> )                                                                            |
| Background:       | CNTN3, BIG1, PANG, PCS, Plasmacytoma Associated Neuronal Glycoprotein, Brain-derived immunoglobulin superfamily protein 1 |

## Target Details

---

UniProt: [Q07409](#)

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

Comment: Isoelectric Point:9.1

Restrictions: For Research Use only

## Handling

---

Format: Lyophilized

Buffer: PBS, pH 7.4, containing 0.01 % SKL, 1 mM DTT, 5 % Trehalose and Proclin300.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-80 °C

Storage Comment: Store at 2-8°C for one month. Aliquot and store at -80°C for 12 months.

Expiry Date: 12 months
