# Datasheet for ABIN7435001 anti-LCP1 antibody (AA 5-233)

5 Images

### Overview

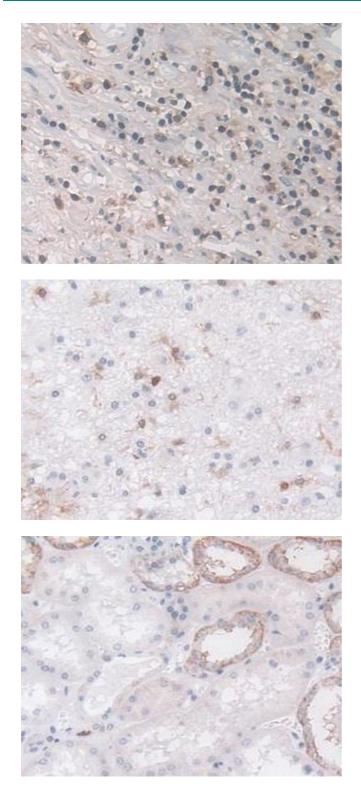

| Quantity:            | 100 µL                                                                                                    |
|----------------------|-----------------------------------------------------------------------------------------------------------|
| Target:              | LCP1                                                                                                      |
| Binding Specificity: | AA 5-233                                                                                                  |
| Reactivity:          | Human                                                                                                     |
| Host:                | Rabbit                                                                                                    |
| Clonality:           | Polyclonal                                                                                                |
| Conjugate:           | This LCP1 antibody is un-conjugated                                                                       |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), Immunoprecipitation (IP),<br>Immunocytochemistry (ICC) |

## Product Details

| Purpose:          | Polyclonal Antibody to L-Plastin (LCP1)                                                                                                                                        |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:        | Recombinant L-Plastin (LCP1) corresdonding to Ser5~Lys233 with N-terminal His Tag                                                                                              |
| Isotype:          | IgG                                                                                                                                                                            |
| Specificity:      | The antibody is a rabbit polyclonal antibody raised against LCP1. It has been selected for its ability to recognize LCP1 in immunohistochemical staining and western blotting. |
| Cross-Reactivity: | Mouse, Rat                                                                                                                                                                     |
| Purification:     | Antigen-specific affinity chromatography followed by Protein A affinity chromatography                                                                                         |

| Target Details      |                                                                                                                   |
|---------------------|-------------------------------------------------------------------------------------------------------------------|
| Target:             | LCP1                                                                                                              |
| Alternative Name:   | L-Plastin (LCP1 Products)                                                                                         |
| Background:         | CP64, LC64P, PLS2, Lymphocyte Cytosolic Protein 1, Plastin 2                                                      |
| Application Details |                                                                                                                   |
| Application Notes:  | Western blotting: 0.5-2 µg/mL Immunohistochemistry: 5-20 µg/mL Immunocytochemistry: 5-                            |
|                     | 20 µg/mL Optimal working dilutions must be determined by end user.                                                |
| Comment:            | The thermal stability is described by the loss rate. The loss rate was determined by accelerated                  |
|                     | thermal degradation test, that is, incubate the protein at $37^\circ C$ for 48h, and no obvious                   |
|                     | degradation and precipitation were observed. The loss rate is less than 5% within the expiration                  |
|                     | date under appropriate storage condition.                                                                         |
| Restrictions:       | For Research Use only                                                                                             |
| Handling            |                                                                                                                   |
| Format:             | Liquid                                                                                                            |
| Buffer:             | 0.01M PBS, pH 7.4, containing 0.05 % Proclin-300, 50 % glycerol.                                                  |
| Preservative:       | ProClin                                                                                                           |
| Precaution of Use:  | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:            | 4 °C,-20 °C                                                                                                       |
| Storage Comment:    | Store at 4°C for frequent use. Stored at -20°C in a manual defrost freezer for two year without                   |
|                     | detectable loss of activity. Avoid repeated freeze-thaw cycles.                                                   |
| Expiry Date:        | 24 months                                                                                                         |

#### Immunohistochemistry

**Image 1.** Detection of LCP1 in Human Appendix Tissue using Polyclonal Antibody to L-Plastin (LCP1)

#### Immunohistochemistry

**Image 2.** Detection of LCP1 in Human Glioma Tissue using Polyclonal Antibody to L-Plastin (LCP1)

#### Immunohistochemistry

**Image 3.** Detection of LCP1 in Human Kidney Tissue using Polyclonal Antibody to L-Plastin (LCP1)
