Target Details

Alternative Name:	Apolipoprotein B (APOB Products)
Background:	Apo-B, FLDB, Apo B-100, Apo B-48
Pathways:	Lipid Metabolism

Application Details

	20 μg/mL Optimal working dilutions must be determined by end user.
Comment:	The thermal stability is described by the loss rate. The loss rate was determined by accelerated
	thermal degradation test, that is, incubate the protein at 37°C for 48h, and no obvious
	degradation and precipitation were observed. The loss rate is less than 5% within the expiration
	date under appropriate storage condition.
