## Datasheet for ABIN7448627 anti-TOR1AIP1 antibody (AA 275-325)

Overview

| Quantity:            | 25 µg                                   |
|----------------------|---|
| Target:              | TOR1AIP1                                |
| Binding Specificity: | AA 275-325                              |
| Reactivity:          | Human                                   |
| Host:                | Rabbit                                  |
| Clonality:           | Polyclonal                              |
| Conjugate:           | This TOR1AIP1 antibody is un-conjugated |
| Application:         | Immunohistochemistry (IHC)              |

## Product Details

| Purpose:              | Rabbit anti-LAP1B IHC Antibody, Affinity Purified |
|-----------------------|---|
| Immunogen:            | Between AA 275 and 325                            |
| Isotype:              | IgG   |
| Predicted Reactivity: | Chimpanzee,Northern white-cheeked gibbon          |
| Purification:         | Affinity Purified                                 |

## Target Details

| Target:           | TOR1AIP1  |
|-------------------|---|
| Alternative Name: | LAP1B (TOR1AIP1 Products)   |
| Background:       | Background: Lamina-associated polypeptide 1B (LAPB1) binds to A- and B-type lamins. It is a |
