## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 25 µg                               |
| Target:              | SSH3                                |
| Binding Specificity: | AA 609-659                          |
| Reactivity:          | Human                               |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This SSH3 antibody is un-conjugated |
| Application:         | Immunohistochemistry (IHC)          |

## Product Details

|                       |                                                            |
|-----------------------|------------------------------------------------------------|
| Purpose:              | Rabbit anti-SSH3 IHC Antibody, affinity purified           |
| Immunogen:            | Between AA 609 and 659                                     |
| Isotype:              | IgG                                                        |
| Predicted Reactivity: | Orangutan,Gorilla,Chimpanzee,Northern white-cheeked gibbon |
| Purification:         | Affinity Purified                                          |

## Target Details

|                   |                                                                                           |
|-------------------|-------------------------------------------------------------------------------------------|
| Target:           | SSH3                                                                                      |
| Alternative Name: | SSH3 ( <a href="#">SSH3 Products</a> )                                                    |
| Background:       | Background: SSH3, also known as slingshot-3, may function as a phosphatase that activates |

## Target Details

|                 |                                                                                                                                             |
|-----------------|---------------------------------------------------------------------------------------------------------------------------------------------|
|                 | the actin severing protein, ADF/cofilin to influence actin dynamics. There are three members of the slingshot family, SSH1, SSH2, and SSH3. |
| Gene ID:        | 54961                                                                                                                                       |
| NCBI Accession: | <a href="#">NP_060327</a>                                                                                                                   |
| UniProt:        | <a href="#">Q8TE77</a>                                                                                                                      |

## Application Details

|                    |                       |
|--------------------|-----------------------|
| Application Notes: | 1:100 - 1:500         |
| Restrictions:      | For Research Use only |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Concentration:     | 250 µg/mL                                                                                                              |
| Buffer:            | Tris-buffered Saline containing 0.1 % BSA and 0.09 % Sodium Azide                                                      |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C                                                                                                                   |
| Expiry Date:       | 12 months                                                                                                              |
