Datasheet for ABIN7449895  
**anti-MRPS15 antibody (AA 207-257)**

### Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 100 µg                                          |
| Target:              | MRPS15                                          |
| Binding Specificity: | AA 207-257                                      |
| Reactivity:          | Human                                           |
| Host:                | Rabbit                                          |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This MRPS15 antibody is un-conjugated           |
| Application:         | Western Blotting (WB), Immunoprecipitation (IP) |

### Product Details

|               |                                                |
|---------------|------------------------------------------------|
| Purpose:      | Rabbit anti-MRPS15 Antibody, Affinity Purified |
| Immunogen:    | Between AA 207 and 257                         |
| Isotype:      | IgG                                            |
| Purification: | Affinity Purified                              |

### Target Details

|                   |                                                                                                                                                                                 |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | MRPS15                                                                                                                                                                          |
| Alternative Name: | MRPS15 ( <a href="#">MRPS15 Products</a> )                                                                                                                                      |
| Background:       | Background: The gene MRPS15 encodes for 28S ribosomal protein S15, mitochondrial, a subunit protein that belongs to the ribosomal protein S15P family. Between human and mouse, |

## Target Details

---

the encoded protein is the least conserved among small subunit ribosomal proteins [taken from NCBI Entrez Gene (Gene ID: 64960)].

Gene ID: 64960

UniProt: [P82914](#)

## Application Details

---

Application Notes: IP: 2 - 10 µg/mg lysate  
WB: 1:10,000 - 1:25,000

Restrictions: For Research Use only

## Handling

---

Concentration: 1000 µg/mL

Buffer: Tris-citrate/phosphate buffer, pH 7 to 8 containing 0.09 % Sodium Azide

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C

Expiry Date: 12 months
