## .-online.com antibodies

## Datasheet for ABIN7465338 anti-ACP2 antibody

Overview

| Quantity:    | 100 μL   |
|--------------|--|
| Target:      | ACP2   |
| Reactivity:  | Human  |
| Host:        | Rabbit   |
| Clonality:   | Polyclonal   |
| Conjugate:   | This ACP2 antibody is un-conjugated  |
| Application: | Western Blotting (WB), Immunofluorescence (IF), Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)), Immunocytochemistry (ICC) |

## Product Details

| Immunogen:        | Recombinant protein encompassing a sequence within the center region of human ACP2. The exact sequence is proprietary. |
|-------------------|--|
| Isotype:          | lgG  |
| Cross-Reactivity: | Human  |
| Purification:     | Purified by antigen-affinity chromatography.   |

## Target Details

| Target:           | ACP2  |
|-------------------|---|
| Alternative Name: | acid phosphatase 2, lysosomal (ACP2 Products)   |
| Background:       | Acid phosphatase 2, lysosomal , LAP,This gene encodes the beta subunit of lysosomal acid      |
|                   | phosphatase (LAP). LAP is chemically and genetically distinct from red cell acid phosphatase. |

|                     | The encoded protein belongs to a family of distinct isoenzymes which hydrolyze                   |
|---------------------|--|
|                     | orthophosphoric monoesters to alcohol and phosphate. Mutations in this gene or in the related    |
|                     | alpha subunit gene cause acid phosphatase deficiency. Multiple alternatively spliced transcript  |
|                     | variants encoding different isoforms have been identified for this gene. [provided by RefSeq]    |
| Molecular Weight:   | 48 kDa   |
| Gene ID:            | 53   |
| UniProt:            | P11117   |
| Application Details |  |
| Application Notes:  | WB: 1:500-1:3000. ICC/IF: 1:100-1:1000. IHC-P: 1:100-1:1000. Optimal dilutions/concentrations    |
|                     | should be determined by the researcher. Not tested in other applications.                        |
| Comment:            | Positive Control: A431   |
| Restrictions:       | For Research Use only  |
| Handling            |  |
| Format:             | Liquid   |
| Concentration:      | 1 mg/mL  |
| Buffer:             | 0.1M Tris-Glycine ( pH 7), 20 % Glycerol, 0.01 % Thimerosal                                      |
| Preservative:       | Thimerosal (Merthiolate)   |
| Precaution of Use:  | This product contains Thimerosal (Merthiolate): a POISONOUS AND HAZARDOUS SUBSTANCE              |
|                     | which should be handled by trained staff only.   |
| Storage:            | 4 °C,-20 °C  |
| Storage Comment:    | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage |
|                     | (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid     |
|                     | multiple freeze-thaw cycles.   |
