Datasheet for ABIN7509297

Bovine Coronavirus Spike Protein (His tag)

Overview

Quantity:	1 mg
Target:	Bovine Coronavirus Spike (BCoV S)
Origin:	Bovine Coronavirus (BcoV)
Source:	Escherichia coli (E. coli)
Protein Type:	Recombinant
Purification tag / Conjugate:	This Bovine Coronavirus Spike protein is labelled with His tag.
Application:	SDS-PAGE (SDS)

Product Details

Purpose:	S (Bovine coronavirus) Recombinant Protein
Sequence:	PNLPDCNIEA WLNDKSVSPS LNWERKTFSN CNFNMSLMS FIQADSFTCN NIEAAKIYGM CFSSITIDKF AIPNGRKVDL QLGNLGYLQS FNYRIDTTAA SCQLYYNLPA ANVSVSRFNP STWNRFRGFT EQSVFKQPQV GVFTHHDDVY AQHCFKAPT N FCPCKLDGSL CVGNGPGIDA GYKNSGIGTC PAGTNYLTCH NAAQCDCLCT PDPIT
Cross-Reactivity:	Virus
Characteristics:	Bovine coronavirus S (P25194, 326 a.a. - 540 a.a.) partial recombinant protein with N-terminal His tag expressed in <i>Escherichia coli</i> .
Purification:	Escherichia coli expression system

Target Details

Target:	Bovine Coronavirus Spike (BCoV S)
---------	-----------------------------------

Target Details

Abstract: [BCoV S Products](#)

Application Details

Application Notes: SDS-PAGE

Restrictions: For Research Use only

Handling

Format: Liquid

Buffer: In Tris-based buffer (50 % glycerol).

Storage: -20 °C
