Datasheet for ABIN7538062

Recombinant anti-KIR2DL2 (Lirilumab Biosimilar) antibody

Overview

Quantity:	100 µg
Target:	KIR2DL2 (Lirilumab Biosimilar)
Reactivity:	Human
Host:	Human
Antibody Type:	Recombinant Antibody
Clonality:	Monoclonal
Conjugate:	This KIR2DL2 (Lirilumab Biosimilar) antibody is un-conjugated
Application:	ELISA, Western Blotting (WB)

Product Details

Purpose:	Lirilumab Biosimilar - Anti-KIRD2 subgroup mAb - Research Grade
Isotype:	IgG
Characteristics:	Antibody Type: Human IgG1
Purity:	> 85%
Grade:	Research Grade

Target Details

Target:	KIR2DL2 (Lirilumab Biosimilar)
Background:	Lirilumab is an anti-KIR monoclonal antibody, and shows antitumor activity. Lirilumab can be used in Leukemia, squamous cell carcinoma of the head and neck (SCCHN) research.

Target Details

CAS-No: 1000676-41-4

Application Details

Restrictions: For Research Use only

Handling

Buffer: PBS buffer PH7.5

Storage: -80 °C

Storage Comment: store at -80°C
