**Recombinant anti-CCL4 antibody**[Go to Product page](#)

## Overview

|                    |                                                                          |
|--------------------|--------------------------------------------------------------------------|
| Quantity:          | 100 µL                                                                   |
| Target:            | CCL4                                                                     |
| Reactivity:        | Human                                                                    |
| Host:              | Rabbit                                                                   |
| Expression System: | Mammalian cells                                                          |
| Antibody Type:     | Recombinant Antibody                                                     |
| Clonality:         | Monoclonal                                                               |
| Conjugate:         | This CCL4 antibody is un-conjugated                                      |
| Application:       | Western Blotting (WB), Immunoprecipitation (IP), Immunofluorescence (IF) |

## Product Details

|                   |                                                                   |
|-------------------|-------------------------------------------------------------------|
| Purpose:          | Rabbit recombinant monoclonal antibody raised against human CCL4. |
| Immunogen:        | Original antibody is raised against corresponding to human CCL4.  |
| Clone:            | R01-3B8R01-3B8                                                    |
| Isotype:          | IgG                                                               |
| Cross-Reactivity: | Human, Mouse                                                      |

## Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | CCL4                                   |
| Alternative Name: | CCL4 ( <a href="#">CCL4 Products</a> ) |

## Target Details

Background: Chemokine (C-C motif) ligand 4

Gene ID: 6351

## Application Details

Application Notes: Immunofluorescence (1/50-1/200),Immunoprecipitation (1/20),Western Blot (1/500-1/1000),The optimal working dilution should be determined by the end user.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: In PBS, 150 mM NaCl, pH 7.4 (50 % glycerol and 0.02 % sodium azide)

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C

Storage Comment: Store at 4°C. For long term storage store at -20°C.  
Aliquot to avoid repeated freezing and thawing.
