

Datasheet for ABIN7544754
TSP0 Protein (AA 1-102) (His tag)

[Go to Product page](#)

Overview

Quantity:	1 mg
Target:	TSP0
Protein Characteristics:	AA 1-102
Origin:	Human
Source:	HEK-293 Cells
Protein Type:	Recombinant
Purification tag / Conjugate:	This TSP0 protein is labelled with His tag.
Application:	Western Blotting (WB), SDS-PAGE (SDS)

Product Details

Purpose:	Custom-made recombinant TSP0 Protein expressed in mammalian cells.
Sequence:	MAPHLLWCPT NGLGLGGSPA GQWGGGSHYR GLVPGEPAGR PPALPLPGLA GLHDHTQLLR MAGQPWLAWG TAAARVSARP TRDCSCTSRC HHACDVAVT LS Sequence without tag. The proposed Purification-Tag is based on experiences with the expression system, a different complexity of the protein could make another tag necessary. In case you have a special request, please contact us.
Characteristics:	<p>Key Benefits:</p> <ul style="list-style-type: none">• Made to order protein - from design to production - by highly experienced protein experts.• Protein expressed in mammalian cells and purified in one-step affinity chromatography• The optimized expression system ensures reliability for intracellular, secreted and transmembrane proteins.• State-of-the-art algorithm used for plasmid design (Gene synthesis).

Product Details

This protein is a made-to-order protein and will be made for the first time for your order. Our experts in the lab try to ensure that you receive soluble protein.

If you are not interested in a full length protein, please contact us for individual protein fragments.

The big advantage of ordering our made-to-order proteins in comparison to ordering custom made proteins from other companies is that there is no financial obligation in case the protein cannot be expressed or purified.

Purity:	> 90 % as determined by Bis-Tris Page, Western Blot
---------	-----------------------------------------------------

Grade:	custom-made
--------	-------------

Target Details

Target:	TSP0
---------	------

Alternative Name:	TSP0 (TSP0 Products)
-------------------	----------------------------------------

Background:	Putative peripheral benzodiazepine receptor-related protein
-------------	-------------------------------------------------------------

Molecular Weight:	10.5 kDa
-------------------	----------

UniProt:	B1AH88
----------	------------------------

Pathways:	Cellular Response to Molecule of Bacterial Origin
-----------	-------------------------------------------------------------------

Application Details

Application Notes:	In addition to the applications listed above we expect the protein to work for functional studies as well. As the protein has not been tested for functional studies yet we cannot offer a guarantee though.
--------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Restrictions:	For Research Use only
---------------	-----------------------

Handling

Format:	Liquid
---------	--------

Buffer:	The buffer composition is at the discretion of the manufacturer.
---------	------------------------------------------------------------------

Handling Advice:	Avoid repeated freeze-thaw cycles.
------------------	------------------------------------

Storage:	-80 °C
----------	--------

Handling

Storage Comment: Store at -80°C.

Expiry Date: 12 months
