

## Datasheet for ABIN7553330

# C12orf56 Protein (AA 1-622) (His tag)

## Overview

| Quantity:                     | 1 mg                                            |
|-------------------------------|-------------------------------------------------|
| Target:                       | C12orf56 (C12ORF56)                             |
| Protein Characteristics:      | AA 1-622                                        |
| Origin:                       | Human                                           |
| Source:                       | HEK-293 Cells                                   |
| Protein Type:                 | Recombinant                                     |
| Purification tag / Conjugate: | This C12orf56 protein is labelled with His tag. |

#### **Product Details**

| Purpose:  | Custom-made recombinant C12orf56 Protein expressed in mammalian cells.                      |
