Product Details

Purpose:	Custom-made recombinat Nrgn Protein expressed in mammalien cells.
Sequence:	MDCCTESACS KPDDDILDIP LDDPGANAAA AKIQASFRGH MARKKIKSGE CGRKGP GPGG PGGAGGARGG AGGGPSGD Sequence without tag. The proposed Purification-Tag is based on experiences with the expression system, a different complexity of the protein could make another tag necessary. experts in the lab try to ensure that you receive soluble protein.

If you are not interested in a full length protein, please contact us for individual protein fragments.

The big advantage of ordering our made-to-order proteins in comparison to ordering custom made proteins from other companies is that there is no financial obligation in case the protein cannot be expressed or purified.
