## GPR173 Protein (AA 1-373) (His tag)

#### Overview

| Quantity:                     | 1 mg  |
|-------------------------------|---|
| Target:                       | GPR173  |
| Protein Characteristics:      | AA 1-373                                      |
| Origin:                       | Mouse   |
| Source:                       | HEK-293 Cells                                 |
| Protein Type:                 | Recombinant                                   |
| Purification tag / Conjugate: | This GPR173 protein is labelled with His tag. |

- · Made to order protein from design to production by highly experienced protein experts.
- · Protein expressed in mammalian cells and purified in one-step affinity chromatography
- The optimized expression system ensures reliability for intracellular, secreted and transmembrane proteins.
- · State-of-the-art algorithm used for plasmid design (Gene synthesis).

This protein is a made-to-order protein and will be made for the first time for your order. Our experts in the lab try to ensure that you receive soluble protein.

If you are not interested in a full length protein, please contact us for individual protein fragments.

The big advantage of ordering our made-to-order proteins in comparison to ordering custom made proteins from other companies is that there is no financial obligation in case the protein cannot be expressed or purified.

Application Notes:

| Target:             | GPR173  |
|---------------------|---|
| Alternative Name:   | Gpr173 (GPR173 Products)  |
| Background:         | Probable G-protein coupled receptor 173 (Super conserved receptor expressed in brain 3),FUNCTION: Is a receptor for the SMIM20 derived peptides Phoenixin-14 and Phoenixin-20 (PubMed:27268078). It mediates the Phoenixin-14 and Phoenixin-20 augmentation of gonadotropin-releasing hormone (GNRH) signaling in the hypothalamus and pituitary gland (PubMed:27268078). In the ovary, it mediates the effects of Phoenixin-14 and Phoenixin-20 induced granulosa cell proliferation during follicular growth (PubMed:30933929). {ECO:0000269 PubMed:27268078, ECO:0000269 PubMed:30933929}. |
