

## Datasheet for ABIN7567365 **anti-TIM3 antibody**

[Go to Product page](#)

### Overview

|              |                                     |
|--------------|-------------------------------------|
| Quantity:    | 100 µg                              |
| Target:      | TIM3 (TIM 3)                        |
| Reactivity:  | Human                               |
| Host:        | Human                               |
| Clonality:   | Monoclonal                          |
| Conjugate:   | This TIM3 antibody is un-conjugated |
| Application: | Flow Cytometry (FACS)               |

### Product Details

|               |                                                  |
|---------------|--------------------------------------------------|
| Purpose:      | Anti-Human CD366/HAVCR2/TIM-3 Antibody (TSR-022) |
| Clone:        | TSR-022                                          |
| Isotype:      | IgG4, kappa                                      |
| Purification: | Protein A or G purified.                         |
| Purity:       | >95 %                                            |

### Target Details

|                   |                                                                                                                                                                                         |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | TIM3 (TIM 3)                                                                                                                                                                            |
| Alternative Name: | CD366 ( <a href="#">TIM 3 Products</a> )                                                                                                                                                |
| Background:       | T-cell immunoglobulin mucin receptor 3, HAVcr-2, TIMD-3, T-cell membrane protein 3, HAVCR2, Hepatitis A virus cellular receptor 2, CD366, TIMD3, TIM-3, TIM3, T-cell immunoglobulin and |

## Target Details

mucin domain-containing protein 3

Pathways: [Regulation of Lipid Metabolism by PPARalpha](#), [Cancer Immune Checkpoints](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: 1 mg/mL

Buffer: 0.01M PBS, pH 7.4.

Storage: 4 °C,-20 °C,-80 °C

Storage Comment: Use a manual defrost freezer and avoid repeated freeze-thaw cycles.Store at +4°C short term (1-2 weeks).Store at -20 °C 12 months. Store at -80°C long term.
