

Datasheet for ABIN7568170

**anti-Asialoglycoprotein Receptor 1 antibody (AA 156-284)**[Go to Product page](#)

## Overview

|                      |                                                              |
|----------------------|--------------------------------------------------------------|
| Quantity:            | 100 µg                                                       |
| Target:              | Asialoglycoprotein Receptor 1 (ASGR1)                        |
| Binding Specificity: | AA 156-284                                                   |
| Reactivity:          | Mouse                                                        |
| Host:                | Rabbit                                                       |
| Clonality:           | Polyclonal                                                   |
| Conjugate:           | This Asialoglycoprotein Receptor 1 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC)     |

## Product Details

|               |                                                            |
|---------------|------------------------------------------------------------|
| Purpose:      | Anti-Mouse ASGR1 Polyclonal Antibody                       |
| Immunogen:    | E. coli - derived recombinant Mouse ASGR1 (Asn156-Asn284). |
| Isotype:      | IgG                                                        |
| Purification: | Antigen affinity purification.                             |

## Target Details

|                   |                                                                                                                                     |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | Asialoglycoprotein Receptor 1 (ASGR1)                                                                                               |
| Alternative Name: | ASGR1 ( <a href="#">ASGR1 Products</a> )                                                                                            |
| Background:       | HL-1, ASGP-R 1, Asialoglycoprotein receptor 1, CLEC4H1, ASGR1, C-type lectin domain family 4 member H1, ASGPR 1, Hepatic lectin H1, |

## Target Details

|           |                                           |
|-----------|-------------------------------------------|
| UniProt:  | <a href="#">P34927</a>                    |
| Pathways: | <a href="#">Thyroid Hormone Synthesis</a> |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                                                                     |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                                                              |
| Buffer:            | 0.01M PBS, pH 7.4, 50 % glycerol, 0.05 % Proclin 300.                                                                                                               |
| Preservative:      | ProClin                                                                                                                                                             |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.                                                   |
| Storage:           | 4 °C,-20 °C,-80 °C                                                                                                                                                  |
| Storage Comment:   | Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 4°C for frequent use.Store at -20 to -80 °C for twelve months from the date of receipt. |
