## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | CHCHD3                                                   |
| Binding Specificity: | AA 58-227                                                |
| Reactivity:          | Human                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This CHCHD3 antibody is un-conjugated                    |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), ELISA |

## Product Details

|               |                                                            |
|---------------|------------------------------------------------------------|
| Purpose:      | Anti-Human CHCHD3 Polyclonal Antibody                      |
| Immunogen:    | E. coli - derived recombinant Human CHCHD3 (Ser58-Gly227). |
| Isotype:      | IgG                                                        |
| Purification: | Antigen affinity purification.                             |

## Target Details

|                   |                                                                                                                     |
|-------------------|---------------------------------------------------------------------------------------------------------------------|
| Target:           | CHCHD3                                                                                                              |
| Alternative Name: | CHCHD3 ( <a href="#">CHCHD3 Products</a> )                                                                          |
| Background:       | MICOS complex subunit MIC19, Coiled-coil-helix-coiled-coil-helix domain-containing protein 3, MINOS3, MIC19, CHCHD3 |

## Target Details

UniProt: [Q9NX63](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: 0.01M PBS, pH 7.4, 50 % glycerol, 0.05 % Proclin 300.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C,-80 °C

Storage Comment: Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 4°C for frequent use.Store at -20 to -80 °C for twelve months from the date of receipt.
