## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | H2AFY                                                    |
| Binding Specificity: | AA 109-369                                               |
| Reactivity:          | Human                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This H2AFY antibody is un-conjugated                     |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), ELISA |

## Product Details

|               |                                                                |
|---------------|----------------------------------------------------------------|
| Purpose:      | Anti-MACROH2A1 Polyclonal antibody                             |
| Immunogen:    | E. coli - derived recombinant Human MACROH2A1 (Ile109-Leu369). |
| Isotype:      | IgG                                                            |
| Purification: | Antigen affinity purification.                                 |

## Target Details

|                   |                                                                                                                            |
|-------------------|----------------------------------------------------------------------------------------------------------------------------|
| Target:           | H2AFY                                                                                                                      |
| Alternative Name: | MACROH2A1 ( <a href="#">H2AFY Products</a> )                                                                               |
| Background:       | Histone macroH2A1,mH2A1,H2A/y,MACROH2A1,Medulloblastoma antigen MU-MB-50.205,Core histone macro-H2A.1,H2AFY,Histone H2A.y, |

## Target Details

---

UniProt: [O75367](#)

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

---

Restrictions: For Research Use only

---

## Handling

---

Format: Liquid

---

Buffer: 0.01M PBS, pH 7.4, 50 % glycerol, 0.05 % Proclin 300.

---

Preservative: ProClin

---

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

---

Storage: 4 °C,-20 °C,-80 °C

---

Storage Comment: Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 4°C for frequent use.Store at -20 to -80 °C for twelve months from the date of receipt.
